

Nutanix Advanced Design Workshop

Benefits

Accelerate your adoption of the Nutanix platform by leveraging experienced consultants

Lower risk with a comprehensive design document tailored to your specific requirements

Identify requirements and considerations to successfully deploy and manage the Nutanix Enterprise Cloud Platform

OVERVIEW

Nutanix Design Services will help you plan and design your virtualized solution on the Nutanix platform to enable a successful business outcome for your project. A Nutanix Certified consultant will deliver a comprehensive design workshop ensuring that the solution design approach adheres to Nutanix recommended best practices and requirements during the planning and design phase.

The Design Workshop Service provides you with hands-on Nutanix Design experience using Nutanix Platform Expert (NPX) methodology, guided by experienced consultants with a design tailored to your business requirements.

After the design workshop, a customized Nutanix Design document and configuration workbook will be created consisting of conceptual, logical and physical design elements on your choice of Hypervisor (vSphere, AHV or Hyper-V)
